FALL
RETREAT
OCTOBER
10-14, 2018

Influenced by the writer, Mary Summer Rain in *Phoenix Rising*, we began to see, truly see, the challenges we are facing in the world as we know it. Yet there is also a movement afoot. An awakening. Women especially are waking up and standing in their power like never before. There is a sense of urgency in each of us as well as a desire to be part of the wave that is surging.

LIKE THE PHOENIX WE RISE:

**STRONG.
FIERCE.
AND WISE.**

Come join us at The Mountain Retreat and Learning Center in Highlands, NC, Oct 10-12 for the Institute and Oct 12-14 for the Gathering as we co-create the world that we wish to birth. Out of the ashes of the old, comes the promise of the new. We want YOU to be a part of what's next . . . as we generate power on The Mountain and send our intentions out into the Universe with the enormous electrical energy of UUWomenspirit.

In our worship together, we will explore different kinds of Creatrix. Our Track and Workshop offerings will include: Women Warriors; Goddess Energy; Warrior Shields; Vision Boards; Becoming an Activist; Dancing; and others.

The event brochure with detailed information will be available in July on our website:

www.uuwomenspirit.org

Registration begins in mid August.
